

VINEYARD CONNECTOR PROJECT DETAILS

- Project length: approximately nine miles from I-15 interchange at American Fork Main Street to 800 North in Orem.
- New road will serve the communities of Lehi, American Fork, Lindon, Vineyard, Pleasant Grove and Orem.
- Corridor runs between I-15 and Utah Lake.
- Road crosses FrontRunner tracks at three separate locations.
- Road provides access to a planned intermodal center in Vineyard and a FrontRunner Rail station near the American Fork Main Street interchange.
- Road provides infrastructure for FrontRunner and expanded UTA bus service.
- MAG identified the need for this corridor in its 2030 long-range transportation plan published in 2007.
- Impacts to wetlands: fewer than 3 acres.

FUNDING

\$65 million for corridor preservation

SCHEDULE

Phase	Dates
Environmental	Complete
